All across the country, there are people supporting their high school athletic teams by putting together Media Kits and Souvenir Programs. They take the photos, write the copy, sell the ads, do the layout, and get the publication to the printer on time. They squeeze their budgets, they donate their time, and they try and turn a profit that their school can use to offset expenses - all because they want to support their teams and their schools.

Well, it's time for these good works to be recognized and rewarded - and we have developed just the way to do it...the National High School Sports Publication Awards.

The National High School Sports Publication Awards will:

- recognize excellence in sports publications at the high school level
- provide a set of criteria so that sports publications are judged on a level playing field (taking into consideration the type of school, number of students, etc.)
- employ a staff of experienced judges - professionals in the areas of graphic design, coaching, and athletic direction
- complete the judging process and announce the winners by 4/19/25

Probably the best thing about this awards program is that you'll be competing with schools across the country - but only with those schools that match up with yours in terms of the type of school, the size of the school, and who put together your publication. And this is not a yearbook competition - this awards program is specifically designed for Sports Publications.

So, there's the story. Now it's up to you. We know that your time is valuable and that funds are tight. With this in mind we've developed a really simple entry form, and kept the entry fee very low. We invite you to enter this, our 18th Annual Awards program, and we wish you the very best of luck.

We look forward to receiving your entry,

- The NHSSPA Staff

Do you think entering this competition will be tough? No way. If you were involved in putting together a high school sports publication, you've already worked hard enough. We know - we've been there. So we made entering this contest a piece of cake.

All you do is tell us a little bit about your school, the number of attending students, and who was involved in the publication. Our entry form should take you 5 minutes - tops. Send us one copy of your publication along with your entry form and fee, and you are done.

Your entries will be compared with those from similar types and sizes of schools that used similar methods to produce their publication. The judges will assign Gold, Silver, Bronze, and Honorable Mention awards in each category. And, if you are really as good as you believe, you may even receive our Grand Award!!
